WE LOVE GROUPS!

Did you know that we offer some great deals to those of you that travel as a group of 25 people or more? And of course, the bigger your group, the better the deal.

As the saying goes, though, it isn't all about size! We promise to take the very best care of you and your group no matter how many of you there are and that is why you will have your own dedicated tour planner to help you every step of the way.

We know how important your group is to you - and we love helping group organisers like you make your trip with us even more memorable!

Curious? Well, just give us a call or send an e-mail to groups@toureasy.co.uk and we'll take things from there...

The small print... All holidays include coach travel from your local departure points. Hotel accommodation is included along with meals as stated. Excursions and tickets are included in the holiday price as stated in the tour inclusions section of this brochure or our website.

In most cases, a deposit of £35 per person is required to secure your UK holiday booking with the balance due no later than 6 weeks prior to departure. Where a different deposit and/or balance payment date applies this is shown on our website or will be advised over the phone prior to booking.

Once you have paid a deposit, we guarantee that your holiday price will not increase unless Government imposes VAT changes. Unless otherwise stated all prices are per person, based on 2 adults sharing a room. Supplements may apply for single room occupancy. Leisuretime by Toureasy reserves the right to amend/withdraw holidays, dates and prices at any time. Prices correct at the time of print.

WHY CHOOSE LEISURETIME BY TOUREASY?

Small Brochure - Small Prices - BIG Holidays

Who needs big glossy brochures - or even an expensive office - to create great holidays? We certainly don't so we don't have either; actually, we don't have a physical office at all, with our entire team working from their homes. We have also packed our website full of information about all our trips, with far more information than we could ever give you in a bigger brochure. Sensible choices like these keep our costs low and that feeds straight through to our prices. But that's not all...

We also don't try to pick everyone up from everywhere because taxis, feeder coaches and home pick-ups are really expensive and complicated to organise. We just try to keep things really easy, which means we simply pick the most convenient departure points for our coaches en-route to our holiday destinations for you to join from.

In our experience, customers tell us they prefer this simpler approach to getting away and many only choose us because everything is just so easy. They certainly appreciate the lower prices that our direct travel model allows us to charge as a result. So, by keeping all our costs really low, we can offer you great holidays and short breaks at truly affordable prices - without compromising on quality or our service.

We hope you love them!
